

Washington May 09, 2009

Mrs. Salima Ferchichi
Rochester, MN

Dear Mrs. **Ferchichi**,

This letter is in response to your request for payment for the rental of a house for your family at 5202 King Arthur Dr, NW Rochester MN 55901 as supported by the 6-months lease agreement you had provided.

The newly-elected Board of Directors has reviewed your request and decided to approve the payment of your housing expenses as submitted.

However, we do feel that the monthly rent of \$2,200 listed in the lease agreement is above the median cost of living options available in the city of Rochester, MN. A quick Internet survey shows that a monthly rate of \$1,400 seems to be the average.

We would like to reinforce our mutual agreement as stated by our former president, Mr. Bessaha, in his letter dated December 3, 2008, that AAAGW is committed to making funds available to cover the medical and living expenses of your son and yourself. The intent of these funds is to ensure the continued well-being of Mounib until they are depleted. We also recognize that as Mounib's parent, you must have his best interest at heart and will rely on your judgement.

We would like further highlight the fact that at this high rate of expenses, we do not anticipate these funds to last much beyond the end of calendar year 2009. As previously stated, we are no longer accepting donations for Mounib and will not be able to make additional payments once the current funds have been fully used.

To that effect and for the well-being of your son, we strongly suggest that you use caution and restraint when requesting payment of expenses beyond those that directly benefit Mounib.

I have attached a copy of the letter to Mr. Mustafa Bashier Mohamed, you landlord

AAAGW remains available for any clarification or additional information you may need.

Best wishes for Mounib.

Nacer Megherbi
AAAGW, President
