

09/30/2009 by EMail

Dear Mrs. Ferchichi,

This is in response to your email dated September 14th, 2009. First of all, we sincerely hope that Mounib is recovering well and that his health is better. The community members that have raised funds for Mounib are eager to know the status of his health. They would like to read stories and see pictures or videos of him. If you are willing to provide them, we will be happy to publish them on our website.

In your Email, you made a number of unfounded claims that (1) you have not been receiving payments since June 2009 and (2) that your communication with the AAAGW Board went unanswered.

On your first claim, the information is incorrect. For transparency reasons, all details on disbursements on the Mounib fund are published on the AAAGW website. If you notice any discrepancies, please check with your bank first. The facts are that we have been wiring \$600 monthly and that the current remaining balance is \$9,438.69.

In addition and based on previous communication from the AAAGW Board of Director, we have set aside the remaining amount to cover airfare expenses for your return flight to Algeria. This has been communicated to you on many occasions by our former AAAGW President, Mr. Bessaha and the current AAAGW board. We would like to reinforce the mutual understanding of the letter dated December 3rd, 2008.

If you need more details on the fund, you are welcome to visit the AAAGW website at <http://www.aaagw.org>.

On your second claim, we have not received any other email recently. Your last previous email received was regarding six-month housing rental that was accommodated in May 09. If you feel that that email communication is unreliable, we would like to suggest that you communicate with the AAAGW Board of Directors through the US Postal Services using Certified or registered mail. Our mailing address is available on our website.

On behalf of a community that has worked tirelessly in the best interest of Mounib.

Nacer Megherbi
President, AAAGW
PO Box 65063 Washington, DC 20035-5063
